Request:

Date Required: 9/5/2008

Does summary of work spec section 011250 page 8 contract HV-02 pertain to all temporary conditions/work as shown on sheet HS-PH103 exclusive of HV-01 contract to install temporary fencing?

Response:

We do not agree with the above interpretation. Regarding the temporary asphalt walls shown on dwg. PH103, our interpretation is as follows:

1. Provision of the temporary asphalt walks shown on PH103 is the responsibility of contract HV01.
2. All asphalt paving (Division 32) was assigned to contract HV01; there is no asphalt paving assigned to any other contract.
3. The asphalt pavement shown on dwg PH103 is located outside the face of new and existing buildings; this is specifically defined in 011250-3 as part of contract HV01.
